Pursuant to Section 25.18 of the New York State Mental Hygiene Law, Ulster County is required to publicly post a summary of how opioid settlement funds were utilized during the prior year. The following reflects expenditures made in **Calendar Year 2024** from opioid settlement sources.

Funds were directed toward evidence-based strategies consistent with the approved statewide opioid settlement uses including **harm reduction, prevention, treatment, recovery supports, and connections to care**.

Harm Reduction & Overdose Prevention	Purchase of Naloxone (Narcan) box decals, sterile water droppers, wound care supplies, first aid kits, athletic tape, secure sharps containers, and DisposeRX kits
	Emergency overdose kits and supplies distributed throughout the community
	Public education materials to reduce misuse of opioids
Prevention & Community Education	Books and prevention curriculum materials for youth throughout the City of Kingston
	Community outreach supplies (e.g., backpacks, keyholders) to support education and resource distribution
Connections to Care & Recovery Supports	Backpacks filled with food, first aid items, and hygiene supplies distributed to individuals experiencing housing instability.
	Prepaid cell phone cards for ORACLE peer engagement and outreach program participants to maintain contact with recovery services
	Recovery support items including basic needs supplies for individuals engaged with peer outreach teams
Treatment & Direct Service Contracts	Funding to LaSalle School (Contract No. 2022-00000476) for clinical and prevention services supporting harm reduction and overdose prevention.
	Funding to the City of Kingston ORACLE program (Contracts 2024-73 ORACLE2024-001 & ORACLE2024-002), supporting peer outreach and connections to treatment and recovery for individuals at risk of opioid use disorder and co-occurring conditions

Pursuant to Section 25.18 of the New York State Mental Hygiene Law, Ulster County is required to publicly post a summary of how opioid settlement funds were utilized during the prior year. The following reflects expenditures made in **Calendar Year 2025** from opioid settlement sources.

Funds were directed toward evidence-based strategies consistent with the approved statewide opioid settlement uses including **harm reduction, prevention, treatment, recovery supports, and connections to care**.
